Thread: [Deal Dispute Thread Prefixes](#)

Omniscient - March 23, 2016, 12:29 pm

In order to help keep this section more organized I have added some Thread Prefixes.

Currency Exchange [CE]
Product Dispute [Product]
Services Not Rendered [Service]
Trade Dispute [Trade]

I hope members use them.

Enjoy.

Great update as always, glad I have only opened one deal dispute from my ~5 years here. Stay safe please and use the tools provided to you.

Mr. Robot - March 25, 2016, 8:41 pm

What has the world come to when there are so many threads for deal disputes they need prefixes.

Good thinking though Omniscient and I hope it helps organize the section a little bit better.
