Lol, are you actually going to run it this time? Or will illuminati invite everyone to a Skype call whilst sounding like he has a dick down his throat, and try and make it look like a formal interview when you "introduce" yourselves.

Just letting everyone know that this was a crap gaming sector to be in, those of you who I had fun with, you know who you are, but the rest are a bunch of fags.

labroca - April 14, 2016, 1:46 pm

Good luck to all that enter, this truly is an elitist group.

As it currently is time is a major taker in our activities, we are still thinking about a PC sector but its just a thought. We need to get what we currently have up and running and then slowly introduce PC gaming.

What games do you play? : It varies really. The games I have for my xbox are: Star Wars Battlefront, Call of Duty Black Ops 3, The Witcher 3 Wild Hunt, Fallout 4. The list is small for now, but once I get some money then I can invest in some other games.

What do you expect out of the Brotherhood Xbox Gaming Sector : I expect to meet a wide variety of new people with different opinions on both consoles. I'm hoping to make friends quickly and for those friends to join me on my preferred console and play some games.

Why should you be accepted? There is nothing specific or any thing worthy of being outlined in my application. I'm just a guy who loves playing games with friends. This group seems like an amazing experience to be apart of and one the group's main focus is gaming.

Thank you for reading.
