Aww shit I thought they were some colored bulbs I would've bought.

B FOR BADASS - March 28, 2016, 8:21 pm

What is the shipping cost or free?

Looks like tremendous cr4p. Why should we order it when we could get it from local store?

Bad advertising.

Nothing against you, but I can buy a 20 pack for \$20 at Lowe's with an annual cost of \$0.80.

Why not support small businesses? I always buy from small businesses, even if the price is slightly more. I'd rather know that I'm helping feed someone or support a family instead of helping buy a billionaire their 4th helicopter.
