Awesome awesome awesome idea to get people to play hackercraft! This is an awesome group

with an awesome owner.

I am very interested to see where this goes.

I hope this group will be around for a long time.

Chan Wong - March 29, 2016, 7:33 am

Seems like a nice way to make Hackercraft more popular! :) I might start and try!

Can I reserve the 4th spot?

Realizm - March 29, 2016, 8:19 am

Sorry but we do not let people reserve spots.

Congratulations to Critique and B3nsung!

zeroday - March 29, 2016, 8:25 am

These spots are dropping real fast. I'm happy that I bought it when I did!

Adderall - March 29, 2016, 8:44 am

I want to buy a spot for 700k. Will be online within 5 minutes.

Realizm - March 29, 2016, 9:12 am

Congratulations Timsel10 on purchasing a spot!

Chubs™ aka badman - March 29, 2016, 9:18 am

Wish I had saved up when I had the big farms. I guess I won't be getting a spot since I have no way of making 800k+ in a day or two.

Six Double 0 - March 29, 2016, 9:19 am

I like the idea of buying spots with in game money.
Unfortunately, I'm a broke ass dude in HC.

minimalist - March 29, 2016, 9:26 am

This group is (going to be) great. If you have spare HC money, do consider this opportunity!

Realizm - March 29, 2016, 9:26 am

Congratulations Euphoxia on purchasing the next spot!

I'm hopping off. All spots can still be purchased by sending money to any Mod/Admin that is online along with anyone in the Minecrafters faction.

Stashyy - March 29, 2016, 10:23 am

Damn realizm you fucked me over. I only got 100k rip. :(

Suspense - March 29, 2016, 10:26 am

I'd love to be part of Minecrafters, but I'm not at the point where I'd be willing to throw away \$900,000 to join. If it was \$300,000, I might be more lenient.

Best of luck.

TBH 900k isn't even that much anymore. A good farm and you will earn that in a few days. I payed 800k for a spot and will earn back the money in a few days (if i don't get raided) and my farms aren't even properly finished yet.

'OverSight - March 29, 2016, 11:54 am

Well this will be interesting... lol.

ZerFallen - March 29, 2016, 12:33 pm

It's not really that ironic when you think about it, I've been in a lot of groups and every time it's been a total waste of my time and money, and as of right now, I'm not even in any of the groups I paid to get into anymore. If I were to join a new group, that group better be paying me for my time instead of the reverse.

Critique - March 29, 2016, 12:58 pm

This is one way to clear out one of the high rollers on HC.

Most people just want status. I was more so referring to the group of users who play for fame or forum reward. Keeping your money is smart, and it's what I do as well.

Grammar Rays - March 29, 2016, 1:47 pm

I like the different approach. Good luck guys.

I joined because its more or less the ideal group for me, i've always wanted to be in a gaming group but never applied to one(didn't think i had a chance)

Then i saw the official group thread and thought man if they recruit im applying no matter what.

And then lol, i saw the recruitment thread and BOOM :D

Not gonna lie though when i saw the userbar i was like damn i want that shit :p

From in game money in which you can earn? what's so bad about that, it's a minecraft group... so to get in, you play minecraft and earn the money.

We don't have an HC award anymore, so the userbar is taking their place. That's just one idea I have for the group. And this also helps the HC economy so people aren't all millionaires, plus 80% will be used in giveaways and whatnot :P

Elijah Mikaelson - March 29, 2016, 8:16 pm

LOL , this is a very neat way on getting people in the group. Atlesst this group aren't money whores. I would do this if I played in HC.

It will be much easier to join if you play HackerCraft. The group is supporting HackerCraft as the server we play on and whatnot. Though we will have other chances to join with giveaways and contests, playing HackerCraft is your best bet at joining as a lot of the ways to join will be through HackerCraft. Whether it be competitions on their mini-game servers or faction related things such as this IGM buy-in.

big dick rick - March 29, 2016, 10:04 pm

hmm so its just a group about minecraft? what exactly will the group do besides play mc? lol

Realizm - March 30, 2016, 1:07 am

It's a Minecraft group... it's what we do lol. We play and discuss the game and anything else MC related really.

Also will be having contests and whatnot soon.

Vitani's Mate - March 30, 2016, 1:50 am

I don't have minecraft on PC but I do have it on xbox 360.

Oh man.. The good times that I have had back then. ^^

But this seems like a pretty awesome group though. That userbar thoouuuuggghhh! ^^

Realizm - March 30, 2016, 11:19 am

Just had a random competition on the server and 2 people were invited! Congratulations Bo Burnham and King Cin!

This thread will be updated with a giveaway soon, so keep an eye out!

Doodlegod - March 30, 2016, 2:44 pm

Damn. I would go for this but then again I don't want to pay tons of in game money to join a group that probably won't be that much of use to me since everyone in it has most likely bought in and isn't actually interested in posting and such in it.
