Koutetsujou no Kabaneri

Kabaneri of the Iron FortressDescription courtesy of MAL News

As the world is in the middle of an industrial revolution, a monster appears that cannot be defeated unless its heart, which is protected by a layer of iron, is pierced. By infecting humans with its bite, the monster can create aggressive and undead creatures known as Kabane. On the island Hinomoto, located in the far east, people have built stations to shelter themselves from these creatures. People access the station, as well as transport wares between them, with the help of a locomotive running on steam, called Hayajiro. Ikoma, a boy who lives in the Aragane station and helps to build Hayajiro, creates his own weapon called Tsuranukizutsu in order to defeat the creatures. One day, as he waits for an opportunity to use his weapon, he meets a girl named Mumei, who is excused from the mandatory Kabane inspection. During the night, Ikuma meets Mumei again as he sees Hayajiro going out of control. The staff on the locomotive has turned into the creatures. The station, now under attack by Kabane, is the opportunity Ikoma has been looking for.

This show is really similar to AoT. Maybe that's why I like it so much already.

ankitkhosya - April 8, 2016, 7:09 am

Looks like a badass anime .

Let's watch the first ep.

SkullCandy - April 8, 2016, 7:30 am

This actually looks sick as fuck - I will give this a go for sure :)

Is this a sequel to anything? Do I need to, or can I have seen anything before this?

Omoi - April 8, 2016, 7:51 am

Looks really great but yeah does look like Aot, was a good anime. G

No it's an adaption of the manga, which I guess you could read but it only started in 2016 so I doubt there's much material.

Well it is done by the same studio.

Stashyy - April 8, 2016, 8:03 am

It should be up today soon. If so I'll watch it and give my thoughts on this thread.

Edit: It's good.

ankitkhosya - April 8, 2016, 11:32 am

Completed the first episode !

Man ! MC is one crazy fucker. -- this might be the best thrilling anime this year.

Joker game is a good thriller , judging from the 1st episode.

Spoiler [\(Click to View\)](#)Viruses don't work like that. I swear if they do some kind of Parasyte thing where since it didn't reach his brain in a few seconds, it can't progress at all, I don't know if I can live that down.

Aot without the shit I hope

Zexo - April 8, 2016, 9:16 pm

Might have to keep an eye on this looks nice and I'm out of anime to watch atm.

SkullCandy - April 8, 2016, 10:21 pm

Okay I watched it today, and it was really good. It had an amazing environment and kind of felt like Resident Evil in a steampunk setting - especially with the seemingly puss-filled vulnerable spots. It is actually really good and I would recommend you guys give it a watch; it is just a taster but it has a nice feel to it and I feel like it could turn into so much more.

just remember that, ez pz :))

tbh i agree with you.

what i usually do to not forget the anime if the name is hard to remember is that i try to remember at least one of the words, in this example kabaneri and then its super easy to find again

Aot, Tokyo Ghoul and Parasyte are few of my most favourite animes.

This show is like all three of them merged into one so far and I can't help but love it.

CorrosiveBlueberry - April 9, 2016, 2:21 pm

Yeah just finished first episode i really liked it and i can tell this is gonna be good because

Spoiler ([Click to View](#)) the mc got infected so everyone will look at him like he is a villian or a bad guy, so it's going to be very intresting imo

macykiks - May 13, 2016, 4:18 pm

To be honest, my expectations for this anime were really low because of how people were saying it's just a rip off of Attack on Titan, but that changed once I watched the first episode. It truly is a great anime so far.

First two episodes I was so hyped but I am actually losing interest as it goes on as I'm not really into the very cliché "I'm going to protect you" type of thing.

Lir1k - May 29, 2016, 3:11 am

Anime of the spring season with no doubt. It shares a similar feeling of AoT, but still unique in its own sense.

It is nothing like AoT in any sense besides "power hungry kid gets super powers but is still protected by some bitch and has no idea how to use his powers"

It is actually good too, something AoT is far from.

"No doubt"

saving episodes and then watch it in one time

DerMensch24 - June 1, 2016, 8:15 pm

Watched the first 4 eps last night. Definitely has the AoT feel (probably due to the director and studio) with the main character's set up and somewhat of the anime's setting/ongoing situation, however I've been finding it enjoyable and somewhat different from AoT. I also believe that it should be alright considering that its being written by [Ichiro Okouchi](#), who has written for plenty of good anime in the past.
