Boku no Hero Academia

My Hero AcademiaDescription courtesy of MAL

What's a hero? For Izuku Midoriya, the answer to that question has always been simple: "Everything I want to be!" And who is the ultimate hero? Well, the legendary All Might, of course. All Might is the number one ranked hero and also the "Symbol of Peace" in the world. Not in his wildest dreams could Izuku have imagined that he would soon cross paths with his childhood hero...

In Boku no Hero Academia, status is governed by "Quirks"—unique superpowers which develop in childhood. But, unfortunately, hero otaku Midoriya "Deku" Izuku never had a Quirk. That is, until he met All Might, the greatest hero of all time.

Izuku's transformation from dreamer to superhero begins at Yuuei Academy, the top-ranked hero-training high school in Japan. Izuku is on cloud nine when he's accepted to this prestigious academy, especially when he finds out that All Might is one of the teachers. What surprises does this mighty academy offer? And will Izuku be able to keep up with his elite classmates?

I'm surprised that this topic hasn't gotten much attention! I wasn't sure how this was going to turn out but what just happened in Episode 3 made me super happy definitely in my top 2 this season!

Just got caught up on the episodes today (watched ep. 4 - 6) .

It's a pretty good show, good enough to watch it ongoing and stay up with all the episodes. The "quicks" are cool and it gets interesting how they put them to use in some of the episodes.

Yeah, the quirks are indeed very very unique that's why I like the show, I do prefer the manga. But I'm debating holding off until the anime has a bunch of episodes to watch so I can have a bit of material. Y'know?

I fucked up and started watching the dubbed version first. Nonetheless I am loving the show. At first glance it looked kind of lame, but that's how lots of anime are until you watch them. It kind of sucks that it's only confirmed for 13 episodes though.

I believe FUNimation just started dubbing it. Only 3 episodes so far. They seem to be dubbing new anime rather quickly now.

About time. It takes them 30 years to dub a series while the Japanese are doing it on a weekly basis.

OT: Great anime. Digging the characters, especially Bakugou and All Might. I wanna read the manga but I think I'm gonna wait and finish anime and pick where the anime left off.

Easily one of the top 3 shows this season, or at least so far.

Snapu - May 21, 2016, 11:28 am

This anime is hype af yo xd I randomly found it and I watch it every single week. Can't wait for the new episode to drop.

Wew_lad - May 28, 2016, 7:45 pm

I really like how the anime stays true to its source material. The story is also pretty interesting too!
