Gakusen Toshi Asterisk 2nd Season

The Asterisk War 2nd SeasonDescription courtesy of ANN

Invertia was a meteor storm that caused an unprecedented disaster during the 20th century. Because of this disaster, numerous cities around the world were destroyed. However, within the meteor, an unknown element called mana was discovered. It allowed human technology to make rapid strides giving rise to a new species of super-powered humans, the Star Pulse Generation (Genestella). The Festas (Star Warrior Festivals) host battles between Genestella at a city of six academies called "Rikka," also commonly known as "Asterisk." Scholarship student Ayato Amagiri transferred into Seidokan Academy in order to fulfill his own wish, swearing he too will fight in this city.

I'll probably just watch it on a weekly basis instead of waiting for it to finish.

I can't seem to binge watch anything these days.

Chad ThunderCock - March 30, 2016, 9:43 am

I liked season 1 but I would rather have Rakudai season 2

Sanskimost - March 30, 2016, 2:31 pm

This series is pretty crap IMHO, check out Digibro's video to see why. Rakudai all the way!

Trying too hard to have an edgy plot on a shit tier harem.

I just watched the first episode of the first season - I don't know what I think about it yet. It isn't too much special - kind of just makes me want to finish watching Hunter x Hunter for some reason; I think it's the whole idea of the competitions and battling in arenas and stuff that makes me think of the times they are trying to make money to get the game. I might keep watching it - but there is nothing extremely special about it IMO.

If anyone likes these types of animes (fighting, school), I recommend: Rakudai Kishi no Cavalry and Hundred.

It does feel like its being set up for a S3. I hope it continues too.

Looks like we'll have a Season 3! No idea when though, hopefully within the next year or two.

We'll probably learn more about her in Season 3.

Corver - *July 15, 2016, 2:59 pm*

I felt the ending was kind of rushed. But overall I enjoyed the show! I want to know more of the story surrounding his sister. and if he'll ever be able to just use his powers without restraint!
