Thread: [Downgrading from UB3R](#)

Joy - March 30, 2016, 1:41 am

So why do users who are sometimes downgraded by Omni from UB3R to L33T still have their Sapphire of UB3R award. Is it some kind of a mistake or is it supposed to stay?

I never seen this. Do you have anything that can back this up?

Also, it could probably be that omni forgets to remove the award?

I never seen someone downgrade O.o

I'm pretty sure you can just choose your visible usergroup via the userCP

Kebabs - March 30, 2016, 1:46 am

Yes, i've seen a few people stripped of their ub3r ranks

Can you give a example? Like a user.

It has happened a few times, I seen people lose their Ub3r ranks, and got downgraded to L33T.

I know, I was replying to the other guy who said he has never seen it happen.

Clearly he must of violated some rule, that caused him to be RKO'ed and downgraded.

I do find this really funny too, wow.

"Signature

Rep F**cked and down-graded from UBER for a security breach."

^ And hes violating another rule considering he complaining about him being repkilled.

I mean technically they did still pay for their award.

but they just don't have the Ub3r abilities anymore.

But with that logic, they technically paid for the Ub3r rank too. ?

the rank is a privilege that has benefits.

whereas the award, is just an award.

logic holds up.

Omniscient - March 30, 2016, 2:03 am

I just didn't bother to remove his award. No great mystery.
