Thread: [My work](#)

nationgps - March 30, 2016, 12:17 pm

blurgraphics carbonmade com (please put the . to get the link, it would be helpfull if anyone post it thanks) Please say me on what i can improve, how it looks etc etc

I know there is a lot of minecraft artwork i was designing on a minecraft forum, sadly i got banned, still now im here and soon i would sell my services!

Have a great day ?

You have a lot of potential but you need to improve your spacing

IIINotSick - March 30, 2016, 5:54 pm

nice man this is dope definitely would pay to learn!

#Doge - March 30, 2016, 5:55 pm

blurgraphics.carbonmade.com

I really like your logo mate. Nice work. :)

theChive - March 30, 2016, 5:59 pm

I like your designs, they are clean.

It looks appears that you are not a native English speaker? I would suggest either advancing your understanding of English or having someone proof read your thread designs before posting as I personally find that simple grammar errors make designs very unpleasing and look less professional.

Otherwise, good work and keep moving forward!
