Thread: [CHEESY WAY OF GETTING AN A IN SCHOOL](#)

Lagura - April 1, 2016, 11:11 am

Hey boys and girls,

I came across an e-book that gives a few detail methods that helps you through school. I find this E-book interesting as i have personally used a few methods when i'm still schooling and it has helped me with my finals. (I averaged B+ to A in college).

I think this book is going to be useful to members who are currently schooling. Shoot me a pm for the link and u can download it via dropbox.

Step 1: Pick an easy major.

Step 2: Actually study and do the work.

Step 3: Cry when you learn your major doesn't get jobs that pay well.

Step 4: Go back and work your ass off in a hard well-paying major.

Step 5: Save your hard earned money.

Step 6: Retire and be a badass Grandpa.
