Yo Bro Respond to PM regarding the sale of the steam gift card, The one you sent me is already redeemed and gives me this error: The Steam Wallet code you have entered has already been redeemed. If you have recently purchased this code, please contact the seller for further assistance.

Lol that "Apply" dude already has a Deal with Caution rep. I would definitely be careful about giving him another code.

Interested in buying one of these, PM me.

Think before you speak. I was going to sell someone rs gold and they refused to use a MM. so nice try.

If your still selling LMK, you never replied back after I wanted to use a MM.
