I need to expand my autism portfolio. Whatever 1 season anime you post ITT I'll add to my watch list.

Edit: Suggestions so far:

Steins;Gate
Key the metal idol
Afro Samurai
Blood-C
Moetan
Psycho Pass
World Trigger
No Game No life
Claymore
Mirai Nikki
Shakugan no Shana
Mistreated Bride

Zanwald - April 2, 2016, 12:52 pm

Steins;Gate

You won't be disappointed.

CorrosiveBlueberry - April 2, 2016, 2:17 pm

Key the metal idol (I just recently finished it; it's a 1 season OVA show, 15 episodes last 2 episodes are like 2 hours rest are 22 mins, so averages to 42 mins per episode or something like that).

It is suprisingly good/a hidden gem imo; nothing SPECTACULAR but a nice change of pace and atleast a 8 in my books; as i've seen over 300 series already

Jackie Chun - April 2, 2016, 2:18 pm

Afro Samurai is super short 1 season.

Deany - April 2, 2016, 2:44 pm
