Thread: [High Quality Free Technical Support \[MYBB\]](#)

x - April 2, 2016, 5:35 pm

I have had many experiences running Mybb & other Software Forums / Plugins / Security

If anyone needs some quick assistance or easy help I am willing to give you my time for free.

Specialties

MyBB 1.6.x:

MyBB 1.8.x:

- General Support
- Problems During Install or Upgrade
- Security Support
- MyBB Merge System Support
- SQL / HTML / CSS / ETC
- Plugins
- Design/Theme customization (GFX)
- As well as SEO (Not free for this service)

You can contact me through XMPP or Private message

Just send me detailed information on what the issue you are having is and what you would like me to do to help you

I do not use Skype at all, Anyone saying they are me on Skype is an impostor

ShNuG - April 15, 2016, 2:48 pm

Need a helping hand in bit of a issue.. Lmk if you're still giving this out :)

Potttioojm - April 16, 2016, 1:01 pm

I cannot private message you, but could you help me with a tabbed menu? It is never styled correctly.

x - April 16, 2016, 9:22 pm

I will be back on later tomorrow , Working on jobs I have been Pm'ed about , Please PM me details if you are in need of assistance rather than waiting for me to PM you.

Thank you and I appreciate the patience

Silent Storm™ - April 17, 2016, 9:46 am

Vouch for x, trusted user.

?M1N?M - April 29, 2016, 7:55 pm

Very cool of you. If I ever need advice I know who to ask!

zomgasd - April 30, 2016, 3:15 am

I believe your messages are disabled for the time being. Hey, I'm using MyBB 1.8 and I was wondering if you can point me to a direction where I can implement the tab system similar to HF, or

a plugin. It'll make my forums almost clutter-free.
