Our Greatest Accomplishments Cannot Be Behind Us
Because Our Destiny Lies Above Us

I want you all to watch the video above. I've been through hell and back. I've had good time, I've had shitty times. I've literally had times that I felt that there is literally no way I'll get through. Videos like the one above are what get me through those time. But this video completely changed my perspective on life. And it's such a huge motivation. This helped me, let it help you if you're going through tough times.

I'll keep updating this thread with videos or quotes I find. I think we should all do the same and keep each other motivated.

"If you're going to try, go all the way. Otherwise, don't even start. This could mean losing girlfriends, wives, relatives and maybe even your mind. It could mean not eating for three or four days. It could mean freezing on a park bench. It could mean jail. It could mean derision. It could mean mockery--isolation. Isolation is the gift. All the others are a test of your endurance, of how much you really want to do it. And, you'll do it, despite rejection and the worst odds. And it will be better than anything else you can imagine. If you're going to try, go all the way. There is no other feeling like that. You will be alone with the gods, and the nights will flame with fire. You will ride life straight to perfect laughter. It's the only good fight there is."

Is that sarcasm? I honestly can't tell ?

SIM-1230922 - April 3, 2016, 12:55 pm

True motivation does not come from videos.

Sift - April 3, 2016, 12:57 pm

True motiviton comes from your heart not videos.

This one motivated me so much tbh.

"When you want something, you just KINDA want it, you don't want it SO BAD."

Best speech ever.

Motivation comes from depriving ginger kids of their souls.

Try DJ Khaled ?

Might either kill you or motivate you. No risk no fun.

I like what you did here, but sadly a simple video can't help me

I honestly think every one of these motivation videos are retarded. How about you stop relying on a fleeting emotion and instead develop a work ethic that will help you in every aspect of your life.

Xhinted - April 3, 2016, 2:11 pm

Nope. I am diagnosed with a disorder which prevents this from happening to me. I can only fake this.

It didn't make me feel motivated. Nice try tho... but nothing makes me motivated.

Holy shit, this was like a trailer of Interstellar and Saw mixed in one... Did Jigsaw sneak onboard with Cooper?

I didn't find this motivational, it felt very strange and made me feel lonely as fuck.

Zeke - April 4, 2016, 7:29 pm

That's my favourite motivational video. I have suggested Mateusz M.'s videos a lot of times.

I didn't find this motivational, it felt very strange and made me feel lonely as fuck. That's because you are lonely as fuck and watching videos won't help, doing shit would.

Mateusz has tons of motivational videos, I usually to them first thing in the mornings while driving or late at nights when I am working in the office. Great stuff to get you motivated.

Drop Zone is coming along nicely. Do you have to get permission for each of your songs? Also, I made a play list and put it on my channel [here](#). It got muted a few hours later, is there anyway around this?
