Thread: [Razercrypt busted](#)

Krawaxus - April 4, 2016, 11:55 pm

Guys sorry if this is the wrong place , but the maker of razercrypt was busted.

So was I and other 300+ people

Some hours ago the cyber police of my country broke into my house and took all electronic devices with them

Here is the proof

Yes .. When I was still young and innocent
So everybody who bought it with PayPal say bye bye
I have some more papers , but can't censor them in this Nokia phone hidden under my house

I suggest you to make a thread in News and Happenings / Marketplace Discussions and tell people to wipe their HDD and hide their shit and porn directory. It will help other people too.
