Thread: [\[Poll\] How many anime have you completed?](#)

skelly76 - April 5, 2016, 12:02 am

Add up every damn anime you've seen and vote in the poll.

Just counted mine up and I've completed 70 plus a few I probably missed.

See where you are in "experience" compared to everyone else in this section.

EDIT: Didn't make the poll public so just reply with your number as well I don't want to remake it all.

I have 32 watched on record, though I've probably watched around 36-40

SkullCandy - April 5, 2016, 12:32 am

I always start super long ones, get half way through and never finish. Or, I am still watching them like Naruto, Bleach, One Piece, Hunter x Hunter

Raijin - April 5, 2016, 12:34 am

I've only ever finished two. Where's my option? That's discrimination.

Sahaj - April 5, 2016, 12:44 am

Actually, less than 5.

Sword Art Online, Death Note and Tokyo Ghoul.

ZwClose - April 5, 2016, 12:47 am

Since I watched anime for about 5-8 months for 12 hours straight + watched every anime on crunchyroll, I'll say 100+

CorrosiveBlueberry - April 5, 2016, 5:57 am

312 completed 397 including the ones I've started and put on hold mid series and will finish one day lol.

?????? - April 5, 2016, 6:05 am

I've seen too many... Stopped counting at 100, and that was grouping sequels as one with the first, and not counting movies...

z0nk - April 5, 2016, 6:06 am

I can't vote yet, but I watched 134 series so far, sums up to 2269 episodes according to MAL. It's not that hardcore though, I would change "No life weeaboo x69" label to 300-400+.

Ang?I - April 5, 2016, 6:33 am

332 according to my MAL.

Neebz - April 5, 2016, 10:27 am

I have watched and finished:

SAO
Devil is a part timer
Welcome to the NHK
Madoka
Code geass
Fairy tail
Seven deadly Sins
Dragon ball
The delivery god one I cant remember the name

Probably a few other short ones but those are the ones I can remember

I have only completed 19 when I started streaming them, but if animes on TV counts probably about 30 altogether with TV shows.

Fuko - April 7, 2016, 5:02 pm

I don't wanna watch coppies of copies of a copy of an anime, that's why I'm pretty picky with what I start because I feel the need to finish it even If I don't like it...

? rooq?e ? - April 8, 2016, 3:06 am

I'm not sure, but I'd probably guess around 36-50 (Pro). Not that hardcore anime fan, but I do enjoy watching a lot whenever I have time! ?
