Thread: [Sharing my SDMM Account DT/lostcity done.](#)

Hey,
DT/lost city done.

I've died like 3-4 times too many now but im willing to share my account for seasonal dead man mode. You must be trusted.

It also has a 07 side to the account with 99 magic 77 ranged etc. It's a pure account the 07 is and SDMM is tribrid with not so good stats.

I will only play very often but need someone to keep my account going and someone with knowledge of the game. You can not change the password.

Thanks!
