Thread: [What film have you watched multiple times?](#)

BaiN - April 8, 2016, 6:30 am

Poll is for 2016 Films / Thread is for any film.

What film have you or can you watch multiple times without getting bored/tired of it?

Spoiler ([Click to View](#)) Personally for me it's Super Bad or for a TV Show it has to be The Inbetweeners this Movie and TV Show still has me laughing no matter how many times I have watched it.

That's a really good movie. I like it because of the journey to riches and what not gives me that vibe of Wolf of Wall Street in some sense.

I don't really watch movies many times over, but I have watched The Prestige with Christian Bale and Hugh Jackman a few times, maybe 5. It was mainly because it's an even better movie once you watch it the second time because then the things that happened which didn't make sense initially made LOTS of sense after you know why it is being said/done.

Not that Generic, gave me vibes of Limitless this did. Loved the concept and especially the fact that Leonardo DiCaprio is in this made it x10 better. Not to forget the fact that Christopher Nolan is a godly director.
