Hello good sir, I was wondering if you would be so kind as to google what the best way to get rid of this rash I contain on my bum is. I do not wish to soil my precious internet connection with the likes of that information, and you would be of the most help.

Switch to breathable materials, such as cotton or "dry fit" fabrics, which allow sweat to evaporate instead of sitting on your skin for long periods of time.

Wash your hands thoroughly before and after touching your rash.

and use a cleanser,also take a shower too often.
