Thread: [Giving Away \\$25 or Award Equivalent \(12 hours or less only!\)](#)

'Suicide - April 8, 2016, 10:11 am

What's up guys and gals of HackForums!

I'm here just to give back to the community.

The rules are very clear:

1. If I don't like you, you will not win. Very simple. (Shoutout to the people who kicked me out of Dawn the next day after i paid)
2. Just make a post on how you will either show off your award or spend your cash (lie if you don't want to put your business out)
3. Be creative. Make me laugh or something. I'm at work with some cranky people who's trying to bring my day down.
4. Re-read #1.

Things Being Given away:

Emerald
or
Gift Award
or
\$25 BTC

TheChi?f - April 8, 2016, 10:12 am

Ski Mask the Slu?p God - April 8, 2016, 10:15 am

With the \$25 BTC, I'd definitely buy myself the UB3R upgrade as I've been trying to save up ever since I got approved for it, which has been a very long time.

I'd really appreciate it.

Good luck to everyone, and thank you OP for this great contest!

Mr. Robot - April 8, 2016, 10:26 am

I would love the \$25 there bud! I would either put it towards another \$1 per make me laugh thread or use it to pay back the user who was scammed by my skype impersonator.

Otherwise I would just finally get that legalize it award.

Roytoy - April 8, 2016, 2:00 pm

I would like \$25 BTC not because I want to show it off, but because I want to turn it into more money, which is something I know I'm good at.

I don't think you should count on anyone, let alone anyone you don't know to make you feel better about anyone bringing you down. You should learn to bring yourself up, care for your happiness and your happiness only. You are responsible for your own happiness, not others'. Specially not those who don't care about yours to begin with.

XeX Menu - April 8, 2016, 2:19 pm

I'd like to try for the \$25 BTC. I'd convert it over to PayPal later so I can buy things from Ebay when needed.

The doc said things aren't looking good and if I don't win one HF giveaway asap I could be dead by next week. No pressure or anything though...

SkullCandy - April 8, 2016, 4:54 pm

I'm gonna use the money to start a porn website - rival to pornhub. Really wanna get a domain down, I will be the sole star of this website. How it will work is I will film myself having sex with an imaginary person - I will then get the video and duplicate it so it looks like I am having sex with myself and then use video editing software to add some boobs and stuff. This will ensure all my content is original and also cost-effective. Please make my dreams a reality - need to use the money to buy a domain, host and hire a midget to slap my balls and generate the sound effects I need for the action. Thanks man, I need this cash!

Kuso - April 8, 2016, 7:28 pm

I will spend my cash on either drugs, booze, or gambling like satoshi mines or I also really want to buy a dash or doge coin as a prize. I believe those are \$25 each right? But then I got worry about percentages on exchanges, services, FUCK.
