Confound's Recovery Services

Vouch Copies: 1

I expect an adequate and thoughtful vouch copy. 1k rep+

Basic Information and Details:

I sell Grand Theft Auto Online services for PlayStation 3, PlayStation 4, Xbox One! (If you are on Xbox One, you will need to create a PSN account. I can do this for you if you like.)

More Games Information:

The basis of these recoveries are being made on a PS3 System. If you have a game that you know is transferrable between game systems, I am happy to do it for you. Most games do not do this. If you have a game that you play on PS3 that you would like recovered, feel free to contact me about it, and we can discuss logistics and pricing.

Price: \$20

Choose anything you'd like from below. There are no restrictions on how much or little you can put; even if you order everything on the list below, the price will remain \$20.

Payment Options: Bitcoin ONLY

Unfortunately, no other payment options are acceptable at this time.

Choose from what you want below:

Edit rank - Set rank to whatever you want (higher rank poses a higher risk of ban, rank 120 recommended as it's the very safest and the highest rank to unlock anything, higher ranks no longer unlock anything)

Add money - Add any amount of money (higher amount poses a higher risk of ban, \$200M recommended)

Max all skills

Faster combat rolling/no recoil/extra ammo capacity (these 3 can't be separated)

Unlock all gun camo's

Unlock all car mods

Unlock all tattoos

Unlock heist vehicles

All clothing

Remove bad sport (PS3 only) - Reset your bad sport status, as if you were never bad sport before.

Lots of armour, you'll never run out unless you play 24/7 for a few years.

Lots of snacks, you'll never run out unless you play 24/7 for a few years.

Lots of fireworks, you'll never run out unless you play 24/7 for a few years.

Custom K/D ratio - set kill-death ratio to whatever you want. (for example, 4.20)

Police Outfit

Add Liberator to Pegasus

Private money drop lobby - PS3 Only! \$10 for 30 minutes!

All prices listed are in US Dollars.

Private Message: [Here](#)

Skype: Confound.HF

The Works:

- 1) Message me on Skype, or via PM, indicate which services you want.
- 2) Make a payment.
- 3) Send PSN login email and password via PM or Skype. (If you're on Xbox One, you will need to create a PSN account. Again, I can create one for you.)
- 4) I log into your PSN account, start up GTA, apply the services to your account. This takes about 15 minutes.
- 5) Done, enjoy!

Ban Warranty:

If your account is permanently banned from GTA Online, or if Rockstar rolls back your account, I will apply the same services to one more account for you, free of charge. Other types of bans, including temporary bans, PSN bans, are not covered by the warranty.

BAN WARRANTY NOT APPLICABLE:

- For Money drop lobbies
- If you order a custom rank higher than 4,700,000 rp points (This is rank 200 if you started on rank 1)
- If you order custom money higher than \$90m.

While it is EXTREMELY rare to receive a ban, higher amounts of money/rank is riskier.

Refund Policy:

- You may ask for a refund if the service has not yet been started.
- Once I have logged into your PSN account, refunds are no longer allowed.
- Service can be redone one time only if something goes wrong. NO REFUNDS!

Vital Information:

Spoiler ([Click to View](#))

- If you are on PlayStation 4, Xbox One, then I will need to start a new game on PlayStation 3, and then you will transfer the progress of the new game from PlayStation 3 to your system.
 - First, make sure you have NEVER transferred a character on your social club account and Xbox Live/PSN account before.
 - If you have transferred before, you must make a new Social Club account, and a new PSN account (PS4) or a new Xbox Live account (Xbox One).
 - If you are transferring to Xbox One, you must have a PlayStation Network account. You don't need to have a PlayStation, you just need a PlayStation Network account. Create an account here: <https://account.sonyentertainmentnetwork.com/pc/reg/account/create-account!input.action> (And don't forget to UNCHECK the marketing checkboxes near the bottom of the form! Read the checkboxes! They're marketing checkboxes, not Terms of Use checkboxes! Unless you wanna get spammed with marketing emails from Sony)
 - After the account service is done, I'll let you know that it's done, so you can link the PlayStation Network account to your social club account. Link your social club account to the PSN account by going here: <http://socialclub.rockstargames.com/settings/linkedaccounts>
- Do NOT link the account before service is done! Wait until AFTER service is done before you link! After linking, you can go on your other system (PS4 or Xbox One) and transfer the character. If you have already been playing on your other system (PS4 or Xbox One) this will OVERWRITE your previous characters. The only thing that won't be overwritten is the money, the money will be

added.

- Essentially, I'm starting a new game on GTA Online on a PlayStation 3 account, and you're transferring that progress of that new game to your system. Visit this page for information on transferring character progress:

If you are interested in this service for Xbox, then yes, you would need a new PSN account. But if you are doing it for PS3 or PS4, you don't need to make a new one, although, if you have already modded your account in any way, then it should be a new account.

In general, I recommend using a new account, regardless. Yes. And if you want me to make a PSN account for you, I can do that. Let me know if you have any other questions.
