Watch video on youtube here : <https://www.youtube.com/watch?v=fyGg9yMCCVI>

{ PM Me for the Cheat File }

It automatically updates the new codes within itself if codes are patched in adobe flash player process !

If it doesn't work for you.. set the slider to "250".. PM me for any issues !

Please post on this thread after downloading to keep this thread alive otherwise I will close it and I will be patching this trainer.

EDIT : You must have Cheat Engines 6.4 installed on your pc. 6.5v doesn't work for some reason

Download here (Cheat Engine only) // PM me for the cheat file :

<https://github.com/cheat-engine/cheat-engine/releases/download/6.4/CheatEngine64.exe>

Thanks,

Vouch for this method. It works great!

One thing to note, you must be using 6.4 of cheat engine in order for the cheat to load correctly. Its not compatible with 6.5.
