I don't think there is any site that earns you \$1000 dollars per sign up. Maybe you should ask your friends?

I heard some people were getting 1k + with vehicle-niche CPA. But I have never heard of buying so much for signup. I would be surprised if I found somewhere paying for free signup.

You're either bad listener or your friend is a liar. Sign up + purchase tehcnically cant make more than 50\$, let alone sites that promise money for free sign ups, you're deluded.

Dear my friend is making a \$1 for each signup i don't know how because he is not interested to tell me even a single word about that website whenever i asked from him. that why i asked maybe someone know.

Doubt that's happening, must be in something such as bizop niche or what not if he's telling the truth...

Listen, habibi.

Just ask him what website he is using and tell him that you will give a portion of your earned money if he tells you.

Yes, he truly makes 1000,- \$ per sign-up legit shit going on here. For a paid signup (Credit card etc) you can max get maybe 70,-\$ if you're lucky, but for a free signup a few cents to a few subs.
