Not that this is important at all, but I just wanted to report it.

When applying for ub3r it says the wait time is 60 days if denied instead of 90 days.

It says 90 for me.

I said when you are applying, "if you are denied..."

I think it was 60 days, and then increased to 90 days between 2013-2014 not entirely sure I can be wrong. Yes, they need to update the FAQs ?

They also need to add the:

Quote:Gauth 2-Factor Authentication account security

To the ub3r upgrade page/section list

?
