Thread: [\[Avatar\] Can someone make me a simple avatar?](#)

Aveling - April 12, 2016, 2:52 pm

Hello, currently I have no avatar and I just looked at that other avatar request thread and saw how people created avatars for that person.

The problem is.. I've no idea what kind of style would fit my username, its a random name so I can't be creative with it, maybe someone else here would be so friendly and make a simple personal avatar for me?

Thank you in advance!

Edit: Sorry, I was in a hurry yesterday. Here is the template I should have posted..

Quote:Size: Avatar

Colour Scheme: Red/Black

Text: iNeo19

Anything else: Shine, shadow.

That is a really cool avatar, thank you very much kind person!

In case someone else is feeling generous, I will rotate my avatar, every week I will switch my avatar, so I can wear every avatar that's made for me.
