Just watched the first two episodes of this and its so fucking good.

I want to join the CIA and be a spy now.

Unfortunately this was an adaptation from a fiction novel so there's no manga for us to read. We can't even read the book since there's only Japanese and Chinese versions.

Well actually I'm excluded from you guys because luckily I can read Chinese.
Gonna have the book series imported soon.

There's also a movie coming out for it but it'll be Japanese of course.

I have seen the first episode, it was really good! Will be watching the second one tonight!

ankitkhosya - April 13, 2016, 1:42 am

It seemed to have a twisted plot and mindfuck moments.....definitely worth watching.

Diji - April 13, 2016, 8:12 am

We need more intelligent anime like this one and boku dake.

DerMensch24 - April 13, 2016, 8:15 am

I didn't realize this came out already, its on my list to watch! Will have to go watch now but looks like a good show ^-^

Kowy1800 - April 13, 2016, 8:28 am

One piece the best anime rofl

Have you watched Steins;Gate?

Mekakucity Actors was also a bundle of mind fuckery

neightworks - April 14, 2016, 2:06 am

Imo this has been incredibly stupid so far and trying to be edgy with a shit plot.

Will still be watching this.

LOOOOOL

Boku Dake struck you as being intelligent?

SkullCandy - April 14, 2016, 4:38 am

Really need to watch the second episode of this, don't even know if I made it through the first one though - not sure if this is my kind of show

CorrosiveBlueberry - April 14, 2016, 2:38 pm

I gave up half way through the first episode it seemed like a great premise until I realized. Fuck is this whole series going to rely on that little "joker" deception game their playing at the card table? Does it guys? I want to know lol. It'd be a cool show if it was actually about what the intro ep showed at first like Cia agents and stuff. But I gave up when I got the idea it was all going to be about that stupid little game.

I mean to say psychological.

ankitkhosya - June 16, 2016, 6:24 am

Episode 11 was among the best of the best. now that's what i call a good watch.

wintek - June 20, 2016, 4:00 am

it's really interesting can't wait for last one

Happeh - June 20, 2016, 6:21 am

Around episode 4 - going to keep watching but fuck is it jumpy. Can't keep track of each character and what's happening.

Aquila - June 22, 2016, 8:22 am

I was actually interested in watching this, I will definitely start this later tonight. I'm glad that it turned out good.

skelly76 - June 23, 2016, 1:22 am

Finished it and it got a 8.5/10 for me. Really fucking good.

Rap1do - July 2, 2016, 10:59 am

I heard it was quite good I put it on my list for one of the anime I watch for the summer
