Thread: [Anyone good with Microsoft Access?](#)

Frenzied - April 13, 2016, 9:51 am

I have my ICT exam in 2 weeks time & I'm struggling so bad with databases.

If anyone is good with MS Access and would be willing to help me, I'd thank you forever, literally.

edit: At this point im literally going crazy :/, every single stupid ICT teacher ignores me :/ This is literally my cry for help :c

ChaosComputerDude - April 13, 2016, 12:35 pm

its been a decade now since the last time i touched access but i give it a shot , 2 ppl can google more stuff than one ; P

what are you struggling with ? i took a look at some example ICT tests but i dont really get what they want you to do or know ..

hit me up with a question and i will try to properly answer it .

regards CCD
