Thread: [Boxxybabee's Gift card shop | Almost ANY Gift card | 60-70%](#)

? **BoxxyBabee** ? - April 13, 2016, 6:27 pm

Next 24 hours pre orders over 500 will get codes at 50%!!!

I can obtain almost ANY physical gift card you can find on www.amazon.com with my method. all gift cards will be sold at 60-70%
lower amount is for people buying in bulk or VERY high quality ub3rs as a tahnks for staying HQ on HF
This means no scam reports. No dwc and no toxic post I WILL LOOK before giving you the discount!

This is a made upon order service I do not have any gift card at my disposal at a matter of minutes, this takes about 2 days to complete in some cases depending on the size of the order 4-6 for them to ship me the card and I will then give you the code.

Gift cards are bought at LOWEST 100.00 and go anywhere upto 400 dollars! I will not do any more or any less then those amounts.

Stock on hand will ONLY be STEAM & GAMESTOP due to the high deman of them. ANYTHING else is made upon ordering.

I will accept BTC ONLY for my protection from scammers payment will be a option for ub3rs with OVER 1k rep 0 DWC or scam reports in THEIR LIFE.

If you have a DWC dating back to 2006 I WILL NOT provide this service using paypal.

That gift cards are ordered AFTER payment no expceptions!

This prevents me from buying a gift card and by the time it has been shipped you spend all the money.

Then leaving me with something I may not be able to sell.

I can deny dealing with you for WHATEVER REASON!
I will not deal with rude people AT ALL so if you PM me or msg me on skype saying some ignorant stuff or harass me...
expect me to ignore you or block you...
and not let you buy a giftcard.

Please do not pm me asking to make exceptions for anything in this thread. If you cannot agree with everything here I cannot AND will not deal with you.

codes at a time, By time i fulfill their orders i don't have codes left to sell until the next date like i say and once again people pre order. I'm sorry for that inconvenience i'm sure it will become less common when other people start selling AGC, It just is like this because i'm the only seller atm.

The sudden vacation ban (without warning) does suggest so.
