I'd love to be a part of this course man! Great contribution to the community. Thanks for doing this man, I hope I can get in.

BiometriX - April 14, 2016, 10:16 am

Hello nullcult.

I would love to take this course. Seems like a puzzle piece I am missing right now and would greatly benefit from it.

The Requirements are no problem. If you need further information about me/my skills I will write you a pm.

Thanks for this great opportunity. Hope I'll get approved.

Germany69420 - April 14, 2016, 10:17 am

I'd like to enter because why not ;)

This seems extremely interesting! I would be happy to join! :)

Mr. Fantastic - April 14, 2016, 1:43 pm

i would love to join in this program :)

SOSA_ - April 14, 2016, 1:56 pm

I'm a border line advanced, more into intermediate hacker. I will be working in a datacenter this summer, so I'd like to learn some more tricks of the trade hacking wise.

LifeOwner - April 14, 2016, 7:40 pm

I would like to enjoy too in this curse. I hope i'm able to be a part of this curse. Thanks in advance.

Ooze - April 14, 2016, 9:35 pm

Ill join as a fellow legend. I think IM a Starter

Atom™ - April 15, 2016, 2:26 am

Reason: I'd really love to learn! :)

Level : Starter (Legend)

Epicur - April 15, 2016, 5:01 am

I'd like to learn too!! I do already know some burpsuite and nmap but it is always good to know other people's methods.

LMK if this is posible.

Level: Intermediate (Legends)

n3cr0 - April 15, 2016, 5:49 am

Would be very keen to talk to you about these as this is my day job using these tools and would consider myself and Intermediate user and always looking to learn more :)

Sadistic - April 15, 2016, 11:30 pm

Reason: Sounds interesting

Level: Starter

0x7FFDF000 - April 16, 2016, 4:20 am

Reason: I want to continuously learn new things about security

Level: Intermediate I'd say :p

Freerunning - April 16, 2016, 4:26 am

I want to apply as well I think my skill level is between starter and intermediate. I suck at networking but knew a lot about web application pentesting.

Thank you!
