Thread: [Someone trespassed into my dad's lake and stole a huge trout](#)

Tando - April 14, 2016, 12:51 pm

I'm so pissed right now, my dad has owned his land and lake for quite some time now and he told me that somebody wearing a black and grey sweater jumped over the fence and actually went fishing for a huge trout. The man was apparently wearing very uncool sneakers.

Hope my dad gets his trout back.

Some say he might have been fishing for a new Bustabit Script.

Can't be sure.

2????????????????4k - April 14, 2016, 12:52 pm

what kind of bait was he using?

Wireless Network - April 14, 2016, 12:53 pm

But the real question is, why he didn't shot him?

Yin Yang - April 14, 2016, 12:53 pm

Should have shot the person. Good luck getting the trout back OP.

hes legit a living meme.

~Jay~ - April 14, 2016, 12:59 pm

What exactly would be the point of getting the trout back now? I mean, I understand it's the principle of the matter, but that trout is long dead now.

Also, if your dad owns an entire fucking lake I think he'll get over it.
