Thread: [\[Official\] VOTE for what you want to watch! \[Anime Movie night\]](#)

Esdese - April 15, 2016, 12:05 pm

Alright weebz, for this week we're gonna do a movie, since that was what many of the recommendations were for.

As a reminder this will be held Sunday, April 17th @ 7PM EST.

I will update the thread I make to remind everyone when the time is close. Voting will close sunday morning.

ONLY VOTE IF YOU PLAN ON SHOWING UP

Out of those 4 i'd say you should watch wolf children it's always good for all ages and has a lot of rewatchability I believe. I recently watched the movie Aura (2015 or 2016) it was pretty darn good if you want to watch something new that you most likely haven't seen yet mainly revolves around bullying.

Leminiscent - April 15, 2016, 12:26 pm

Can we finally watch Wolf Children? It's recommended every movie night but never gets through.

Ayahuasca - April 15, 2016, 4:21 pm

I saw it in theaters like less than a month ago, it was great. Hoping it wins myself ?

Sorun - April 15, 2016, 5:44 pm

I heard the Psycho pass movie was lackluster but I do really want to watch it still. First season awesome... Second though :/

Jackie Chun - April 15, 2016, 7:11 pm

I didn't know psycho pass had a movie lol, I guess if this post means anything it means i'm voting for psycho pass.

We should watch the Simpsons movie. I'll give you credit the Simpsons movie is a lot better than these four shitty movies that you've suggested in this shit thread. Who like Wolf Man, The Shit Rises, Psycho Pass, or Neon Genesis My Ballsack.

Simpsons is a pretty underground as far as anime goes. So yeah, it's a REAL anime. But these shit movies? Shut the fuck up, you god damn normies. Any true otaku (anime fanatic, for you baka gaijins out there not fluent in the superior tongue of Japanese anime language) will tell you these four movies are nothing but bullshit moeblob fluff.

YES. I feel that the combination of Homer, his new pet pig, and a leaky silo full of excrement triggers a disaster that threatens not just Springfield but the entire world was just an amazing story line. And as an angry mob descends on the Simpson home, splitting the family, With Earth's fate in the balance, Homer sets out on a quest for redemption in order to save the world and earn Marge's forgiveness.

My names Nick, not Ken.

I didn't realize there was a Psycho Pass movie, I will have to add it to my anime list :3

However I do recommend watching Wolf Children. I showed it to my gf who isn't into anime and she found it amazing and the story is well done as well. Def a nice movie night pick ;)
