Thread: [Profit Today | New constructed Blog Website - Looking for feedback](#)

The Blue Mongoose - April 16, 2016, 2:08 pm

Greetings everyone! ?

I've used my "precious" time to create a blog about optimizing your profit. I'm new in the blogging area, and I have only created 4 articles. More to come.

<http://www.profittoday.net/>

I will create articles covering one of the following categories:

Advertising

Finance

Guides and tutorials

Marketing

And maybe more, depending on how much spare time I have.

I would love to receive some honest constructive feedback.

Thanks for taking your time reading this.

Looks great, just a heads up for the future, encode your strings.

I found these unencoded in your search bar:

; \ / =
