Was pretty crazy, its a shame he ran out of energy to keep using his type of moves but when he did was really special.

Pretty good, older style 50 episodes (2 seasons) 2 guys take on odd jobs/requests from people for anything, they both have powers; involves alot of fighting and stuff. has a plot i believe too even though they're taking a bunch of random jobs for some of it.

That made no sense xD kinda sounded like you was talking about Gintama.

I guess from the wiki; as i didn't remember that well; the jobs they take/request are random jobs in order to get back anything people have lost be it an physical object or not (that's why their called the getbackers)

Do you even like anime?

You don't like Naruto, Hunter x Hunter, Fairy Tail, Toaru Kagaku no Railgun, Bleach, Darker Than Black and honestly the only anime I have heard you say you like is Highschool of the Dead - which tbh really isn't high quality anime :(

I luv you Esdese, you know that <3

I have honestly never watched Hunter x Hunter and I never will people tell me it's good but the characters just look so stupid to me.

skelly76 - April 17, 2016, 9:03 pm

Killua or Laxus.

Both were awesome.

I thought the same thing, I actually refused to watch it until one day I saw it on crunchyroll and some HF user had begged me to watch it and I was like why not, 20 mins of my life. And then I was hooked!

It's the circumstances in the anime lol.
