Hey,

I am the main author for the site. We are focusing on home server & IoT as of right now. Then, we'll branch out once we get more content.

Hey buddy, i PM'd you i will get you in contact with me and ben

Oliver Sykes - April 22, 2016, 11:52 pm

Seems like it could have potential, but from that screenshot, it seems as though most of the content is easy-to-do, simple, and more than readily available information already; aside from that, it seems nice.

I'd just recommend posting about stuff that's interesting, but doesn't have thousands of instructables on it. But...that's just me. I'm not a huge blogging enthusiast, so I don't know of any set tactics or anything. This is just my view as an end user...I guess

(Sorry if that came off as rude; I find it hard to word things correctly at 3 am)

HackJungle - April 23, 2016, 7:20 am

Thanks look good and is fast

Hi,

Please add me on skype: benpotter_mct

Syracusia - April 25, 2016, 10:08 pm

I think this has some serious potential... keep at it!
