So far he hasnt given me anything. How can I maximize the chances of him giving me something?

TheVBScripter - April 19, 2016, 12:19 pm

For the lazy members:

@OP:

You should try to talk to him that you can't move out now, that you are in need of money and that you really wanna sell to him for a few times to built up trust ?

raven234 - April 19, 2016, 12:43 pm

Only to find he's a serial killer who feeds on female flesh. WHY NOT.

7even - April 19, 2016, 12:44 pm

Go to his house and rob him ?

Spacers - April 19, 2016, 12:45 pm

Tell him you're ready to have a fresh start, and to send you money for the plane ticket. Cake.

Trait - April 19, 2016, 12:46 pm

Imfaoo. thats alot harder. what i usually do is find out where they live and say i live like a hour away and they become more desperate.

dodo12 - April 19, 2016, 12:47 pm

Well most likely you wont get a single shit from him, but good luck with getting. At first try convince him that you really need that XX\$ before you move on at him :) if he send that chat with him and than rob him

GoToSleep - April 19, 2016, 12:47 pm

Here's how I would play this.

1. Just speak with him daily. Sexchat for free, don't tell him that you would sell exclusivly for him. Make him feel special and for that I would try to say to him that I quit selling nudes/vids forever just because you find him. That would make him to feel special. Keep sexchatting for free, I know that you may have a small pack so just send 1-2 pics daily. Try to send girlish photos like starbucks images or puppies pics (lol). This would make him to think you are real. Make him believe that his making some decissions (like..what panties you would buy and so on)

2. For now on he will think you are real. Just do this for few days or maybe a week. I know that it's painful to wait or do it for free..but hey. You want to catch a big fish :) Tell him that you need to wait few days before you can quit your job (so you will take the salary and bla bla). So, meanwhile as I said, you sexchat with him.

3. Here, depends just on you how you would play it. Like, you can say a sad story that you lost your bag..or someone stole it from you. You/someone had a car accident. Or just you need to visit someone and you don't have enough money. You will make something that will get him to pay. If not, I will make this because it's more related for you. Tell him that you quit your job and now you're just happy to move with him. Make him search (meanwhile) a job for you. Just make him think that you really want to move with him and you want a job. Accept something his offering you and right now you would just tell him that you need money to travel to him. So, make him pay you on paypal x\$. I don't know if you said you are from same cities or state. Find a plane, train, etc ticket and see how much it would cost. Then, just ask him for the money :P

4. If you are not into it or it doesn't work..just try to sell your nudes and move on.

Good luck! :)

You're either going to hit this guy for a lot, or nothing at all. Especially if he's saying you can live with him without even spending money yet. He's either all talk, or is desperate enough to buy a plane ticket.

HIGH PAID FELLA - April 19, 2016, 12:49 pm

He just wants to marry with you, it's difficult to explain but he will be just a timewaster.
