Thread: [HackerCraft = Non-Profit](#)

Omniscient - April 20, 2016, 3:54 pm

The current version of the HackerCraft project is non-profit. There should be no payments to the server admins, moderators or staff of HackerCraft.

If you wish to support the server you have two choices.

1. The HackerCraft award when it's available:

<https://hackforums.net/buyawards.php>

2. Play in the server and tell your friends.

So again, don't make payments for ranks, abilities, or items. These should only be obtained through game play. HC is not a pay-to-win server.

Now have fun.
