This e-book is very well written. The writer explained it as much as he can and he did well. It contains methods that will surely make you money no matter your experience. Everything is in here, you simply have to read it. The writing is very clear and I could not see anything wrong with the grammar so you will surely have no problem with that.

Very easy to read, very easy to follow, I highly recommend this.
It stays true to the title, limitless cash indeed.

After purchasing, here is my review:

After reading this eBook I was very satisfied. The method was simple enough to understand and the directions and steps were perfectly laid out. I already have a few opportunities to make money with this method. The price could be lowered but it was all around a HQ eBook. 8/10

(Apr 7, 2016 01:49 PM)YayHar Wrote: [\[CITE\]](#) Here is my honest review of this ebook:

Grammar:

The grammar is fine, I saw one or two spelling errors, but nothing that made this ebook hard to understand. Actually, it's pretty easy to understand. It was very well explained and even though at some parts it leaves you to fill in the blanks, it's not that difficult plus it adds to making this unsaturated.

Ability to Earn:

I'm sure you could earn a decent amount of cash on. It's nothing you can live off of, but it's a great way to earn money without doing any work at all. If you have a computer or even a phone, you can do this and make money.

Cons:

The only thing I don't like is that you get paid IRL by people you know, which to me seems kind of a weird thing to do. Take money from people you know by cheating the system a bit.

Pros:

There are two methods in this, so the whole "Get paid irl" thing doesn't matter as long as you know how to read. The other method is smart, kind of more difficult to do and requires a bit of work, but after you work for it you get money. I mean you can pickup some serious dough.

Thoughts on this ebook?

This ebook is good for the person who has basic social skills and goes to school. If you're in high school, I recommend learning this method, as you can pick some up some extra cash you can use for things you may need.
