Thread: [OkayFreedom VPN | 1 Year Premium Licence](#)

Sahaj - April 21, 2016, 5:43 am

Been a while since my last giveaway. Anyway, I'll be giving away the method to get 1 Year Premium Licence of this amazing VPN.

The giveaway is for L33t/Ub3rs ONLY, since the method might stop working if everyone starts using it. Post here/PM Me to get the method. :)

About OkayFreedom:

Spoiler [\(Click to View\)](#)<https://www.okayfreedom.com/en/>

OkayFreedom VPN from German company Steganos is a simple VPN service that lets users browse the Internet anonymously through a safe, encrypted connection. OkayFreedom VPN creates a VPN between your PC and OkayFreedom security gateway so that all your Internet traffic goes through impenetrable, non-transparent tunnel. The servers represent you on the Internet and your real IP address is hidden. You will no longer have to worry about anyone checking your online traffic details, blocking your access to different websites at work, or about other similar problems. Even your Internet Provider will not know what you are doing on the web and it also makes it impossible for him to block or filter any traffic.
