Thread: [H3GOD'S MIDDLEMAN SERVICE \(VOUCHED\) \(CHEAP\)](#)

Greg???????????????? - April 21, 2016, 2:53 pm

Have been on a H.F for quite a while and i'm sure many of you have seen me around H.F Whether it's me selling products or commenting on threads. I'm mainly in the C:E Section. Have done over \$300k+ In Transactions on this site alone.

It's better to use a trusted middleman instead of risking yourself getting scammed. (Especially for new members) (Many people will try to take advantage of new members)

If there are 2 members dealing for a fairly high amount and they have little to no marketplace history you should always use a middleman.

I will not hold reversible currency for you such as paypal. I don't mind securing the acc/etc... but i will not hold paypal payments.

I'd prefer btc only deals but i don't mind securing an account for one party while the other sends them paypal \$.

I charge a 5% fee of the total amount of the deal (This is for me spending the time to mm the deal) (If it's a super high amount the price is negotiable)

After the deal is done I will not be held responsible for anything that happens.

I'm usually on my computer or i'm sleeping. Pretty much i'm online the whole entire day.

Please make sure the deal is set between the 2 party's before you contact me.

Here are some of my Vouches so far
N Many Many more to come.

This is a service and should be in the "Service Offerings" section of the forum. Other than that nice service and good luck.
