Thread: [SPREADING Service to 10+ million users | Bot/Rat/Crypt |](#)

iPack - April 23, 2016, 12:16 pm

Hi,

I am offering a service to spread your malware via posting infected tool in many different sites/forums/blogs.

These will be key features of this service.

- Infecting a clean software with your malware (bind or just add as a crack/patch/keygen)
- Uploading to 3 or 4 good file hosters
- Creating Threads of tools
- Posting it in Top 10 or 15 sites
- Total number of audience will be around 10 million users and more..
- Crypt service (optional)
- You'll be provided with the links to your threads for confirmation

*No LOW QUALITY Bots

*No Bot kills

*No stolen bots

*Fresh installs

I'll consider taking requests of

- Softwares of your choice
- Sites of your choice

Introductory Packages:

20\$ - 5 Softwares posting in 10 sites (Total 50 posts)

35\$ - 10 Softwares posting in 10 sites (Total 100 posts)

Payment Methods:

I started posting 3 to 5 softwares daily last week.

Here is where i stand right now.

Good thing is no Bot kills, no shitty bots, no stolen LOW Quality bots.

If your crypter is good, you'll keep getting bots as long as your botnet works :)
