Thread: [Made \\$126 today on BustaBit from \\$10 investment](#)

mad_shark - April 23, 2016, 6:12 pm

I started by investing \$10 into BustaBit, then I turned that \$10 into \$30.
Then I continued the \$5 & \$10 investments into more money, and continued to bet smart.

Here are my accounts:

- <https://www.bustabit.com/user/Gangster> (64k bits)
- <https://www.bustabit.com/user/SadPerson> (34k bits)
- <https://www.bustabit.com/user/Zane> (33k bits)
- <https://www.bustabit.com/user/SadGuy> (82k bits)
- <https://www.bustabit.com/user/VerySadPerson> (65k bits)

64+34+33+82+65 = 278k bits

278k bits = \$126

Great day. ?

Did you make all this through manual betting?

Yep, scripts never work for me.

Manual betting ftw.

You should donate all of that money to Omni.

I thought 1,000,000 bits = 1\$
