Thanks! I love your tutorials!

I'm going to try this when I get home to my mac.

**Happeh** - July 6, 2010, 1:33 pm

Great Tutorial. I especially love the end result.

Good work. :)

Shitz smexy cant say I would have expected much less from the UB3R 1337 GFX'orz Crush :)

BTW Just out of curiosity have u become a part of Digital Delusions because if u have tht is a prestigious title 2 hold my friend :O

**CrushFx** - July 6, 2010, 6:04 pm

Thanks, and yeah i have but there's barley ANY activity. But we are revamping the website to make it better. Hopefully we will gain more activity.

**Castro.** - January 13, 2011, 5:40 pm

This a really good tutorial

**xDOP3BOIIXx** - June 2, 2011, 9:16 am

this is one of the first professional tutorial i have seen

**Cyber-Security** - June 2, 2011, 1:43 pm

Nice! I love it! I will use this for my GFX Services.

**DGisRIPPIN** - September 22, 2011, 5:57 pm

Awesome, one of the coolest halo sigz I've seen.  
nice tut :)
