Fuko - April 24, 2016, 7:06 pm

FlipGang - April 24, 2016, 7:09 pm

Deany - April 24, 2016, 8:07 pm

This show is legitimately bad. Bunch of fan service.

Gr8 plot r8 8/8

Spoiler ([Click to View](#))Hana best grill tho

Fuko - April 24, 2016, 8:09 pm

Yeah I mean it was good if you like fan service a lot

DerMensch24 - April 24, 2016, 9:24 pm

Definitely the funniest anime I've watched, my friends and I just finished re-watching it the other day

Desolate Night - April 24, 2016, 9:32 pm

I believe the word 'cringe' describes it.
Though, it is still a decent watch.

ZylexVII - April 24, 2016, 11:30 pm

show is made to thrive off fan service, but hana...Damn, her parts were the only good thing out of the anime.

CorrosiveBlueberry - April 25, 2016, 5:10 am

It is funny as fuck even if there is a lot of fan service gakuto is what redeems it. Lol he is so fucking funny every step of the way. Spoiler ([Click to View](#))He shit himself in front of everyone and gave up the rest of his high school years (3 years) in an all girls high school; gave up all his future chances of interacting with girls just in order to get a limited edition action figure in aki Habra from the four kingdoms or whatever; then he goes ballistic later in the series cause someone breaks it and he ruined his whole life to get it lmfao.

Stashyy - April 25, 2016, 5:28 am

Show is shit. All it does is throw tits and ass at you
Go read the manga if you want more tits and ass.

Well going into Prison school I had my expectations pretty low considering the genre, but it turned to be way better then I expected it be even got me into reading the manga.

If you do watch I recommend the blu-ray version since it's uncensored and just makes it look better. (it's on masterani, the stream.moe mirror <http://www.masterani.me/anime/info/1183-prison-school>)

Also if you like reading manga I recommend you try out the manga after you've finished the series, the anime Starts at Vol 1, Chap 1
Ends at Vol 9, Chap 88

Mhm, I've been reading the manga, seems like they have enough material for atleast another 1-2 seasons, still on going as far as I recall. Will also say I liked the dub over the sub since the voice acting was better for that imo, especiall for Andre and Gakuto.

Yh, the manga is still ongoing but it's going to be on a month break from today. I really hope they will make a second season since I'm hoping to see a few scenes animated ;)

Zexo - April 25, 2016, 4:24 pm

It was so damn funny I wish I liked to re watch anime.

They are going to, but they just did a live action I think. If you're interested, here's the first episode if you want to take a look, although after watching the first episode it seems a heck of a lot cheesier and such than the anime but thats expected (watch at your own risk):

Thank you all! About to watch the first ep! Ill let you all know if I like it!

SkullCandy - April 26, 2016, 1:54 am

It is actually a half-decent anime I have to admit, i started it when it first came out and waited til it all got out before I continued so I have to finish it now

Sekruse - April 27, 2016, 12:02 pm

The anime is fucking hilarious, you should definitely watch it. Do be alone in the room though ;)

absolutezero273 - May 1, 2016, 11:38 am

Yeah, funny if you like ecchi comedy, somewhat insinuated hardcore in this case.

Kouta - May 1, 2016, 5:56 pm

haha, this anime is really funny and cringy at the same time, this is one of the few i actually laughed out loud.

Kuso - May 1, 2016, 5:59 pm

That shit is probably the funniest anime I've ever seen.
