Thread: [How do you guys change the themes on HackForums?](#)

Copywriter - April 24, 2016, 8:14 pm

I see cool ass themes, from red, and other stuff?
Is it a personal customization? Or third-party software?

UPDATE: Here's how mine looks like now. ;)

Thanks guys! Really appreciate the help!

Queen Cin - April 24, 2016, 8:40 pm

I use the same black theme. GreaseMonkey :)

Only OMNISCIENT can change the theme, he is powerful! If we could all change the theme, Hack Forums would look different every minute!
