Thread: [\[EVERYONE\] Making signatures and avatars for free!!](#)

Airness - April 25, 2016, 9:53 am

So yesterday I just started making GFX and I love it so much! It's so fun to do and you can think of anything and just do it!

I didn't watch any tutorials so I'm not the best but I'm trying so that's really all that matters to me!

So if your a non-upgraded member and want a signature or avatar, I would like you to put in this format please!

Item: Avatar/Signature (Pick one)

Color:

Design:

Important features:

Why you should get one:

If you put it in that format, you should be accepted and get a GFX pretty soon!

If your a l33t or an ub3r, please go to this thread and follow directions there!

If your a upgraded member and post here, you will be denied! Simple as that!

Don't worry you upgraded members can still get a Signature or Avatar but you have to go to the thread I provided you!

If you wanna see all of my GFX, just go to this thread and click "all of my work" and you should see all of it!

Remember this is a free service so don't rush or you will be denied or I will stop in the making of your signature or avatar!

Thanks!!
