Thread: [Find FREE TRAFIC Thanks to OTHER E-Whore Account >>> TUTORIAL <<<](#)

TheVBScripter - April 28, 2016, 10:11 am

PACK: <https://hackforums.net/showthread.php?tid=5356006>

Step 1:

Check websites to find 1 E-Whore (Twitter, Instagram, Facebook, Snapchat, Etc)

I will use www.Twitter.com for this example!

Step 2:

Find TAGS/hints that shows that this girl is an E-Whore!

<https://gyazo.com/d9e1ee3195cadf3c50675420d2ad6e30.png>

As you can see. I took "kiksexting" as #tag!

Step 3:

For this example, I used E-Whore girl: "Samanthaforfun1" and Twitter Profile: "@samanthaforfun1"

Now that we got this information, we will search her profile for more hints/traffic tips.

<https://gyazo.com/b4545463b04451ad6fe1dd0035dfe776.png>

You will notice that she IS NOT active anymore at Twitter... means we have to search further!

Step 4:

GOOGLE IS YOUR BEST FRIEND!

www.google.com and type in "samanthaforfun" (Not the @, because we want to GOOGLE her, not TWITTER her account)

<https://gyazo.com/600e8e4c54aaa20544b9b31cd1a750ef.png> <<< THIS is what I found!

You can see the date stamps below the links, I noticed that the "posts" are in the range of March/April!

Now we got 1 more clue... she is STILL active at certain sites!

Step 5:

The LAST post that we can see is from 16th of April (

<http://www.sextwithme.net/forum/kik-messenger/kik-girls/164910-add-on-kik-samanthaforfun-selling-real-live-hot-naughty-pics-and-vids>)

Now you see MORE INFORMATION!

"Join Date: Jan 2016" (means she is active since a long time)

"Posts: 133" <<< active posting

"Looking for some real naughty hot pics and vids? add me on kik: samanthaforfun

Also sexting & skype shows for a price! ;)" <<<< SHE IS AN E-WHORE!!!!

Step 6:

Time to Learn/Obeserve & Copy!

<https://gyazo.com/fe856f591877e648ccd64c150c8673dc.png>

As you can read she is: SELLING PHOTOS + VIDEOS + SEXTING (bet its a scam) + SKYPE SHOWS (she scams.... 99% sure)

Now we should INVESTIGATE a bit more! <<< More traffic = more money!

Step 7:

"skype shows" means she is 'active' at Skype.

Go back to www.google.com and type in "samanthaforfun skype" (to get more traffic sites!)

<https://gyazo.com/09587336ae2aeb0a1e8e6486530396ed.png> <<< LAST POST: samanthaforfun,

Step 8:

As you can see here below...

She is: FROM AUSTRALIA SPEAKS DUTCH + ENGLISH (99% CHANCE SHE IS FROM THE NETHERLANDS)

She is: Bisexual, got a webcam and uses Skype... 99% chance she is E-WHORING from a laptop!

If you want to get MORE KIK TRAFFIC... go back to www.google.com

Type in "samanthaforfun" <<< GOOGLE for her username + " " <<< THE "samanthaforfun" means

what has got the EXACT word: samanthaforfun.

ENJOY YOUR TRAFFIC!!!

<https://www.twitter.com/samanthaforfun1>

Which details did you find?

Because if you Google her Kik (girlkik for example) you should Google "girlkik" or kik "girlkik" that often helps.

?

tumaeka123 - May 25, 2016, 6:22 am

No I mean, say you have details already... what should you do with those? I am new to this. What would you do to the "traffic"? or her details?

If you found her details make sure you got:

- the sites she's posts too (Google her Kik & find traffic sites)
- photos. Take 1 photo of her and reverse image search that to get a free pack
- etc..

Just use your common sense what you could do with details of someone ?

My best tip:

Read a lot, test some more and never ever give up!

That helped me a lot (free tuts, tested a lot and never gave up on bad days) ?

Don't worry about it. I only use 3 sites, which I been using since february (+ my experiment now).

This is only to show new members who got a hard time finding traffic, how to get it without much of a hassle ?

Thanks for the feedback you cheered me up haha ?
