It happens man, and it really makes you lose hope to continue doing this, been there done that. Just take a break

SIM-2502833 - April 30, 2016, 7:31 am

How much cash have you made doing it man? Knowing would motivate me, thanks.

I made 450\$ in my first 4 days, its from 5 different customers, I guess I got lucky. You just need a good pack, to invest a lot time hunting and after u have regulars and good big pack, you will make good cash everyday.

If it doesn't work with ur method/pack, change it. Try different things.

HighLifeGoddess - April 30, 2016, 8:05 am

Some days you earn \$0-\$50, other days you make \$100-\$500.

It all depends on the day, traffic and your own mood while doing it.

Keep trying, you will earn some real fast and be glad you went through.

Sometimes I made \$500 in 4/5 days and other times I earn nothing for 2 days or only less than \$50.

Last night was good for me though, made around \$150.

I can help you out with this, first I need to know what kind of pack you are using to determine whether it is a bad one or good one, or a saturated one.

Second, I need to see your chatlogs, how they look like, how you can improve. Feel free to provide with these in PM.

michisd - April 30, 2016, 8:18 am

Everything they tell you is bullshit. Its about luck, if you find an idiot who pays or not!! They idiot who is gonna pay will buy anyway also if you have an shit pack! They pay even for a naked golem. Just be straight to them and stop arguing and honeydicking

Take a break, enjoy a day or 2 without E-Whoring. Then advertise like you never advertised before. That will give you a HUGE amount of traffic.

TEST your traffic in groups (example: 100 chats):

25 chats with: direct approach

25 chats with: the nice approach

25 chats with: I already made \$\$\$ so u wanna pay as well approach (works well often)

25 chats with: I need money for ... sob story ... ends with sending packs (works well with older guys)

Get a positive state of mind, relax a bit and start the chats with A LOT of spare time, so you won't rush ?

i prefer the direct approach tbh. its easier if you're newer bc its less work convincing them to send you money. use believable pictures, such as self shot pictures of the girl from a phone camera so it looks less fake. if you just do that you're bound to make some money eventually.

EsquireNapalm - April 30, 2016, 10:59 am

You just gotta keep at it, you can't make sales if you give up lmao.

Airness - April 30, 2016, 11:23 am

Raph777 - April 30, 2016, 11:34 am

I made \$80 off 2 people today in about 3 hours. I am using a pretty basic pack and looking for people looking for a bondage fetish :)
