minimalist - May 1, 2016, 2:41 pm

Nope, there are no rewards for the top referrer or anything like that.

Think your prestige goes up.. could be wrong.

It might increase your prestige (Only Omniscient knows and it's his little secret), but I wouldn't call that "getting anything". Other than that, nothing.

NurSpec - May 2, 2016, 7:47 am

Nothing. Which is weird because I would have thought it would have granted something, however I guess referrals are easily faked.

Then it probably doesn't. I never look at prestige so I have no clue.

There is a referral toplist: <https://hackforums.net/refer.php?action=toplist>

There are no direct perks to referring members. However, that doesn't mean referring to the forum isn't greatly appreciated.

eCoLoGy - May 2, 2016, 5:10 pm

I don't think there should be any reward for people who refer.

If you like HF and you want your friends to be part of it then just invite them without expecting any reward in return.

You get a green sticker and a pat on the back :)
