Thread: [Question on when scammers get banned](#)

Caliban - May 2, 2016, 9:17 am

Im not too sure how Omni/Staff deals with Scammers, so im gonna ask here real quick.

I've seen a post where Omni says that he wont ban a person when he scams exept he is compromised or a ban evader,even tho the amount is quite substantial (see Bandors etc). On the other hand most exit scammers get banned anyway. (because of the sheer amount of money?)

So how big exactly does the sum of money need to be so that there will be taken action against someone? Since i've seen alot of quite big scammers that are still on the run whilst others do get banned. So what exactly will lead to a ban and what will not?

Just asking this out of curiosity, no hate or anything
