Thanks, I'm not promising that it gives you thousands weekly though ;)

It is easy extra money. I'm doing it myself as well.

CONTENT

It's a simple method, haven't seen it around, although I don't usually buy e-books. With a bit of work and maybe a unique twist, this can make you some bucks.

DESIGN

Simple. Very simple.

Straight to the point, maybe some formatting would not hurt, but the method itself is so simple, you don't have to worry about it.

EASE OF USE

Extremely noob-friendly e-book.

GRAMMAR

Not a lot of to review here since the method is short and simple.

Steps are clear enough, which I think matters the most.

I am in no way affiliated with the product's seller. This is a 100% genuine and honest review

EDIT

Author added a couple more tips and resources which will for sure boost your profit. The formatting is also a bit better.

Making a simple thread design for this so it looks better tomorrow.

I've updated eBook about 3 times today and added some resources to help.

If anyone wants to leave a review and I deem you trust worthy feel free to post. (Do not PM me, actually post here. I will PM you if I deem you trustworthy enough to leave a honest review)

Haha, it's fine.

This method isn't going to make anyone thousands (at-least not within a week, or month) but it will easily make a nice amount depending how much time and effort is put into it.

This method can be quite efficient, I like how you have worked around this Seasonal, I can tell that you have figured out the slight of hand in this case, I can see how this could work out, I will be testing all of this, but it definitely has a big benefit! It has everything you need in detail!

DESIGN

Straight forward, nothing to worry about and completely noob friendly! Try it yourself ;)

EASE OF USE

101% Ease

One review copy left. No sales so far; and everyone has been hitting me up for "Free".

Please know unless you are a popular member; high repped, or I've noticed you leave proper reviews, then you won't be getting the eBook for free to review.

Here is my unbiased honest review of Seasonal's eBook. As always any deals on HF are at your own risk and I will not be held accountable or liable if something happens.

Grammar: 10/10

There are no grammatical errors that I caught in this eBook.

Conent: 8/10

This ebook contains an in depth and unique method that you can use to get your initial investment of purchasing the eBook back, and then eventually profit. The ebook is very informative and detailed with pictures to help guide you.

Originality: 8/10

Having been on HF for over 6 years, this method, I admit, I have seen before. However, what's makes this one different is that it's got a twist and an approach that involves new methods that will lead you to more income.

Layout: 8/10

I liked how this eBook's layout was not plain and boring. The content is well organized and it also includes many pictures. However, I would include a ToC in the beginning and more detailed pictures with instructions.

Overall: 8/10

This ebook was really nice to read. You will earn money if you are willing to put in the work for it. It doesn't require more investment that you need and you should be making \$ in no time! You can make some serious cash if it's done properly. Will try this soon and post my results!

Good Luck - *May 5, 2016, 2:50 am*

Could I get a review copy of this? I will write a detailed review!

Cheers!
